# PUBLIC AUCTION

**Saturday, November 14, 2009 @ 10:00 A.M.**

For near two months we have been cleaning and going through the house & outbuildings on this farm. In 23 years this has to be one of the most complete line-up of original period equipment & household items I have seen. This is truly one of the last remaining original style farmsteads still in existence, as to this day the house still does not have running water and is heated by wood.

*Don't miss out....see you sale day, as there are over 10 hayracks "FULL"!!*
